VALIDATION

All students are required to validate their registration. Validation is completed on myTech. When Validation opens, typically the week before the semester begins, students will receive a message in their Southeast Tech email account with the link to Validation. A ribbon at the top of the myTech page will also direct students to the Validation site. Students must Validate by the end of the first week of each semester.

The Validation process provides students the chance to update their address and phone number and confirm their Social Security Number for tax purposes. The policies regarding refunds and the student responsibility to pay are included in Validation. In addition, students may provide their hometown newspaper information. The Marketing and Communications Office sends President's Honor Roll and awards information to students' hometown newspapers.

Students failing to validate their registration may be terminated from classes at Southeast Tech and have their Financial Aid canceled.

Email registrar@southeasttech.edu. Include the following:

- Full Name

ATTENDANCE POLICY

Students are expected to attend all sessions of courses for which they are enrolled. Absences do not excuse students from meeting course requirements. Instructors will provide policies concerning course attendance and the ability to make up missed work on their course syllabi or in program handbooks. It is students' responsibility to know and understand the attendance requirements and make-up policies for each course. STC's Attendance Policy can be viewed in its entirety at southeasttech.edu/attendance.

TUITION REFUND POLICY

Tuition refunds are processed according to Southeast Technical College's Refund Policy. Refund eligibility is determined by three dates: class start date, class end date and the date a student formally drops or withdraws from a class. Class start dates and class end dates are published by the Registrar's Office and appear on a student's course schedule.

View complete Refund Policy and Refund Estimation Calculator at southeasttech.edu/refund.

REFUND SCHEDULE	TIMELINE	EFFECT
Drop	1-6% of course term elapsed	100% Refund
Withdrawal	7-11% of course term elapsed	50% Refund
Withdrawal	12-75% of course term elapsed	No Refund
Non-attendance Drops	Definition: Student discontinues attendance without completing and submitting drop or withdrawal paperwork.	No Refund

GPA STATUS

Please remember that the grades you receive in Dual Credit courses directly affect your academic status as a college student. This means that the grades you receive in your college courses contribute to your college GPA, which is the GPA that you will start with when you enter college full-time.

ADD/DROP COURSES

Occasionally, students wish to change classes or discontinue a course. If a student chooses to drop a course, they must complete a drop form and submit it to the Registrar's Office as soon as possible. Drop dates and refund eligibility adhere to Southeast Tech's refund policy.

Students who discontinue a course without following official procedures may receive a grade of "F." No withdrawal will be permitted during the last four weeks of the semester (two weeks in summer).

For more detailed information, see the Registration section of the academic catalog. The Dual Credit Drop Form is located at southeasttech.edu/dualcredit at the bottom of the page in the FAQ section.

GRADE CHECKS

Periodic grade checks will be sent to high school Dual Credit contacts throughout the semester. Upon completion, a final transcript will be sent to high schools so they may record students' grades on their high school transcripts.

ACADEMIC REQUIREMENTS

At Southeast Tech, students who receive below a 2.0 GPA or don't complete 67% of their college coursework in a semester go on Academic Warning. Then, students have one semester to raise their cumulative GPA to at least a 2.0 as well as complete 67% of their coursework to be removed from Academic Warning. Students who do not meet this requirement go on Academic Suspension, which results in the loss of their Financial Aid.

If a student receives a failing grade in any course or withdraws from a course after the deadline and does not receive credit for the course, the student may no longer participate in the South Dakota Dual Credit program. The Board of Technical Education may reinstate a student who is prohibited from participating in the Dual Credit program if the student demonstrates good cause for failing a course or withdrawing from a course. If at the student's expense, a student retakes and passes a course that the student withdrew from or failed, that will also be considered.

Each college is different, so be sure to research what the academic requirements are for the college you are interested in attending after high school.
