

FISCAL MANAGEMENT GOALS/PRIORITY OBJECTIVES

Southeast Technical College Policy STC 401

1. Purpose

Southeast Technical College (STC) recognizes that money and money management comprise the foundational support of STC.

2. General Statement of Policy

To make that support as effective as possible, STC:

- encourages advance planning through the best possible budget procedures
- will explore all practical sources of income
- will guide the expenditure of funds to extract the greatest educational returns
- expects top-quality accounting and reporting procedures
- will maintain expenditure levels needed to provide high quality education within the constraints of the budget.

3. Dissemination of Policy and Training

The policy is located on STC's website under Consumer Information – Southeast Tech Policies
