Students

Student Travel

Southeast Technical College's philosophy is that student travel is an integral part of the students' learning experiences. Travel, when coordinated through Southeast Tech, accomplishes the following outcomes:

- Provides students with opportunities to observe professionals in their work settings.
- Creates potential opportunities for student employment through interaction with employers.
- Exposes students to new technologies and processes.
- Provides an opportunity for personal and professional development.
- Provides students the opportunity to apply acquired skills by competing in state and national competitions.
- Broadens students' perspectives and promotes civic awareness and responsibility.

In order to fulfill this philosophy, it is important that Southeast Tech provide the opportunity for students to participate at reasonable costs in various student tours, trips, conferences, competitions, etc. The School Board authorizes Southeast Tech's administration to carry out regulations regarding student travel.
